

**Empowering Hospitals
For
Better Health Care**

About Us

Loginfotek Medical Services is a medical distribution and service company. It has been operating since 2011 throughout the India. Influencing and excellent customer service with existing business relationships, Loginfotek Medical Services Deal in equipment and cardiac machines like ventilators, heart-lung machines, anesthesia workstation and complete CVTS setup, etc.

Mission

Our mission is to provide world-class services to all local and national hospitals through professional relationship and distribute best services throughout the nation.

Vision

Our vision is to deliver the best customer service, excellent quality and the most advanced products. We want to be known throughout the globe with our customers by supplying them the best products and personalized service.

History

Company was founded in 2011 and Since then we are able to grow our network throughout India. As well as looking at our achievements and need in medical industry we had shifted our focus in repairing and renting medical equipments. Which as continued our growth in new role as a master for the top hospitals across India. Existing business relationships and developing new partnerships with upcoming hospitals, which are seeking for best and compatible services within India and abroad. With a sole focus on cardiac product distribution, Loginfotek Medical service's portfolio will continue to grow in huge part to its expertise in customer service.
